

CLUB	Fraserburgh Running Club and Fraserburgh Active Schools Coordinator
Key Area	School – club Links
Details	<p>The Primary Active Schools network in Fraserburgh had been able to implement Junior jogscotland sessions into the majority of schools in the cluster. The challenge was then to link these junior jogscotland groups to the local athletics clubs. The solution has been to create a session held on a Thursday evening at Fraserburgh Academy. This session is run by Fraserburgh Running Club coaches and is aimed at the more committed and able athletes from the cluster junior jog schools.</p> <p>This is now a thriving junior section of Fraserburgh Running club, as the athletes age and develop they will be fully integrated into the club and be able to compete for Fraserburgh Running Club in local competitions. The success of this group has also required scottishathletics to hold a Coaching Assistant Course in Fraserburgh to help recruit and train parent helpers to assist with the sessions. The course was held in November 2011 with 16 candidates attending.</p>
