Developing Roots of Excellence

Rodger Harkins, Director of Coaching
Stephen Maguire, UKA Head of Power

**Where are the major championship medals
across all event disciplines from 2022 – 2026
coming from.....?**

Focus on creating environments where.....

- ✓ The right Culture / Environment is created - continual improvement
- ✓ Club leaders, coaches, athletes and parents – understand 'talent' and the development process
- ✓ Your club get the development process right!
- ✓ Clear Coaching Structure with skilled coaches at each stage of pathway (or clubs working together)
- ✓ You develop coaches / athletes with the right mindset (growth)
- ✓ You maximise time on task for athletes – relative to age and stage
- ✓ Your athletes have developed the appropriate physical competencies as outlined in NCS
- ✓ Your athletes have developed the appropriate technical competencies as outlined in the NCS
- ✓ Your coaches are well versed, understand and implement the NCS
- ✓ You support (financially?) athletes and coaches on the talent pathway

Remember.....
